CHAPTER-1 (THE FISH TALE)

PART -1

- MISS PREETI LATA

THE FISH TALE

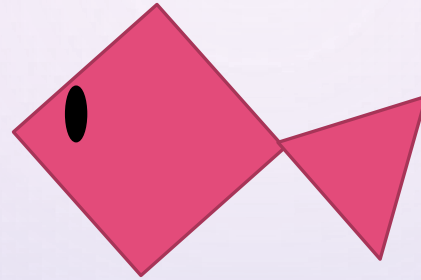

**DEEP UNDER THE SEA
SEE THE LOVELY COLOURED FISH
SWIMMING PEACEFULLY**

THIS SPECIAL POEM IN THREE LINES IS CALLED A HAIKU.

DO YOU KNOW ANY POEMS ABOUT FISH? WRITE ANY 1 POEM ABOUT
FISH.

WHEN YOU THINK OF FISHES WHAT SHAPES COME TO YOUR MIND?

* TRY TO USE A SQUARE AND A TRIANGLE TO DRAW A FISH.

‘MEEN MEANS A FISH AND MEENAKSHI IS A GIRL WHOSE EYES LOOK LIKE A FISH. CAN YOU THINK OF SOMEONE WHO HAS SUCH EYES?’

* DRAW A FACE WITH FISH EYES .

FISHES CAN HAVE VERY DIFFERENT SIZES. THE SMALLEST FISH IS ABOUT 1 CM LONG. THE BIGGEST FISH IS THE **WHALE SHARK**. ONE WHALE SHARK IS AS LONG AS 18 M.

- ✳ HOW MANY TIMES LONGER IS BIGGEST FISH THAN THE SMALLEST FISH?

ANS.- SIZE OF SMALLEST FISH=1 CM

SIZE OF BIGGEST FISH(WHALE SHARK) = 18M

= 18 X 100 CM = 1800CM

SO, THE BIGGEST FISH IS 1800 TIMES LONGER THAN THE SMALLEST FISH.

“SCHOOLS” OF FISH!

FISH LIKE TO SWIM TOGETHER IN THE SEA IN BIG GROUPS CALLED “SCHOOLS” OF FISH. IN THEIR SCHOOL THEY FEEL SAFE FROM THE BIGGER FISH. (DO YOU FEEL SAFE IN YOUR SCHOOL?)
