CHAPTER -1

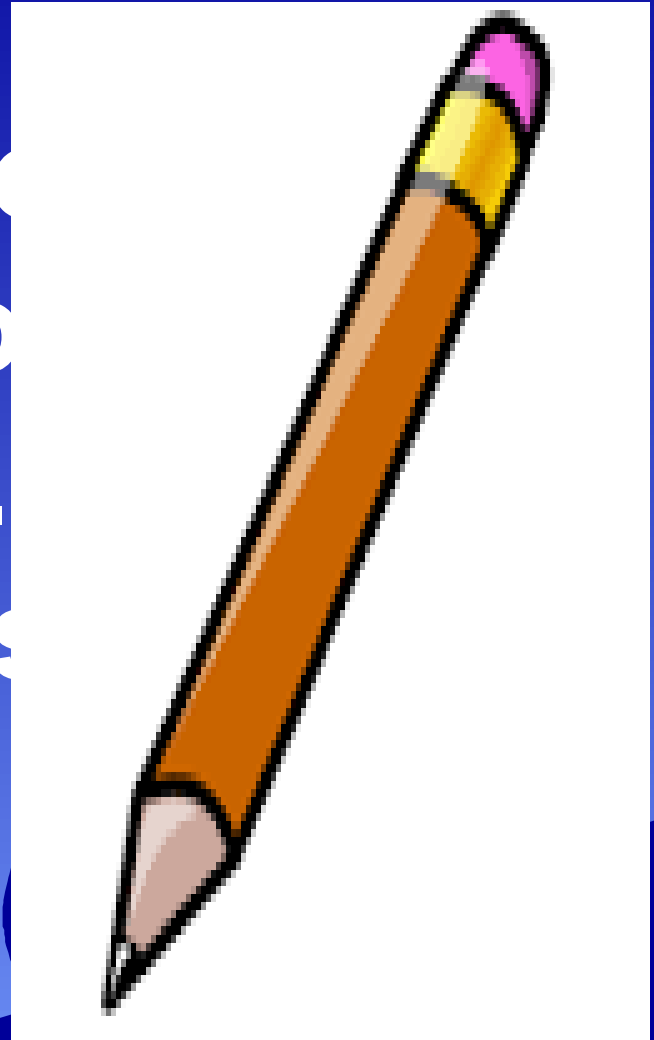

WHAT IS ROUND,
WHAT IS LONG?

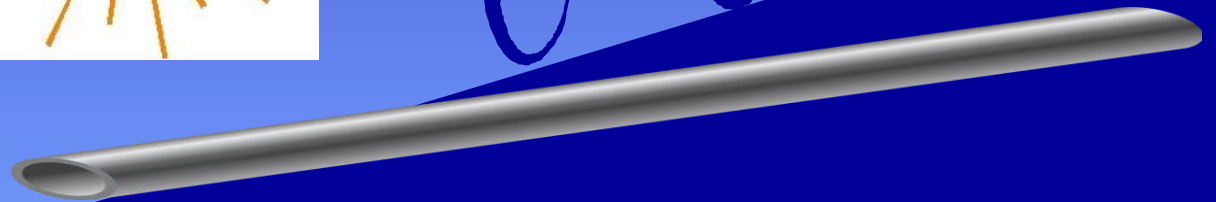

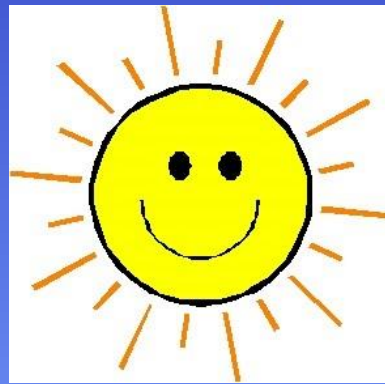

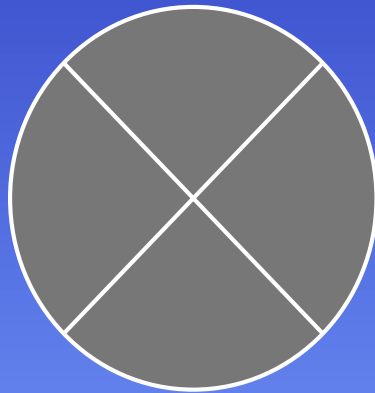

- Round all around, has no corners. I can roll it in my hand. Guess who am I ?

- Pointed at one end, flat at the other end, but round like a pipe. Guess what it is

Guess the name of the following pictures and identify their shapes.

ROUND

ORANGE

SUN

BALL

WHEEL

SMILEY FACE

LONG

BAT

SCALE

PIPE

PEN, APPLE, POLE, TOMATO, BALL, HAIR,
LADDHU, PENCIL, WATER BOTTLE, RING

ROUND

- APPLE
- TOMATO
- BALL
- LADDHU
- RING

LONG

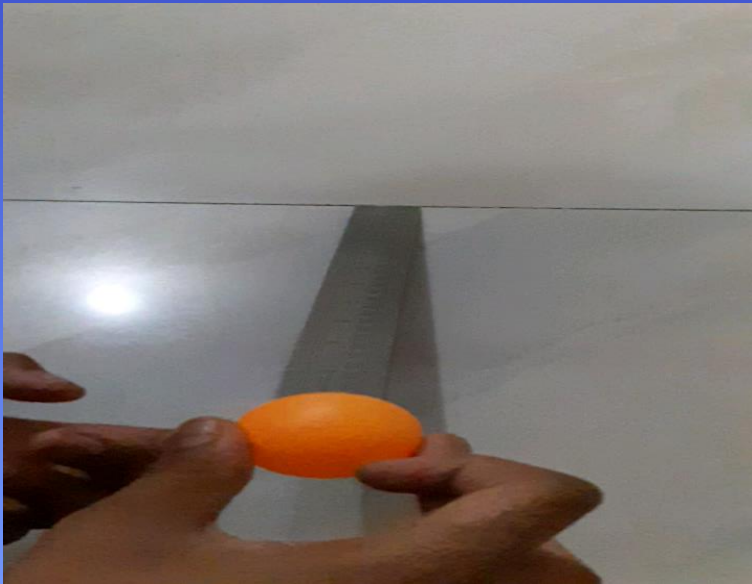

- PEN
- POLE
- HAIR
- PENCIL
- WATER BOTTLE

ROLL AND SLIDE

The things which are in circle shape. they will roll.

Ex: Ball, Orange

The things which are having flat surface, they will slide.

- Ex: Scale, Book

Some things are there, they can slide and roll.

- Ex: Pipe, Bottle, Pencil, Crayon

Summary

- We see many things around us. They are in different shapes. Some are round, long, square, rectangle, circle, cylinder etc. Round things will roll and flat things will slide. Some are there they slide and roll.

THANK YOU

- PRACTICE WELL. BE PREPARED FOR THE NEXT SESSION. WORK SHEET WILL BE GIVEN AT THE END OF THE LESSON
